Anti-Skid Tape Custom Assortment

The Instant, Self-Adhesive, Anti-Slip Safety Surface. A fast, easy way to prevent slipping and falling!UZ Slip Grip is made from a heavy-duty, long lasting, durable material that defies all weather conditions. Slip Grip starts with a flexible plastic base material and uses an aggressive polymeric binder to secure the top layer of near-diamond-hard abrasive grit. This combination provides outstanding slip resistance, appearance, flexibility and durability.

Tech Data:

General Properties

- Bends over sharp 90° angles without fracture
- Will tolerate detergent and steam cleaning
- Maximum bond occurs about 24 hours after installation

Environmental Resistance

- Endures temperature extremes from -40°F to 220°F
- Resists fading and discoloration from exposure to the sun

Water Resistance

UZ Slip Grip is water proof under normal use and proven durable in immersion and long duration salt spray tests.

See page 1091-1092 for all components.

Conformance to Specifications

Meets or exceeds A.S.T.M., OSHA and Military Specifications covering pressure adhesive, anti-slip coatings.

MIL-D-17951E (ships)
