

## UZ Paint Pal Heavy Duty Paint Markers

- **Ideal for marking and color coding individual parts, assemblies, tags, cabinets, storage racks, machinery, dies, etc.**
- **Indelible, waterproof marker**- Will not fade or smear indoors or outdoors. Will mark on most surfaces, including oily, greasy and rusty metals, glass, plastic, wood and cardboard. Non-skip, fast drying.
- **Liquid ink 1/2 oz. (14 grams)**- will provide miles of dependable marks. Valve action tip prevents drying out - push down twice to prime for writing.
- **Heavy duty replaceable bullet shaped tip**. When the old tip is worn out, just replace it. For bolder marks reverse it. Standard bullet tip produces a bold, easy to read 1/8" wide line.
- **Reliable aluminum value**. Allows user to re-ink even when cap is left off. How many times have you thrown out a marker because of this? Internal agitator ball to fully mix paint.

# Tapes

## Interlock - 38 High-Performance Tape Fastener

		PART #	QTY
• Secure	• Mount	<b>103485</b>	1
• Hold	• Repair	<b>103485-3</b>	3
• Attach			

Get the convenience and speed of a tape fastener with the holding power of a mechanical fastener.

1" x 10' Roll

### FEATURES:

- 38 PSI push-pull holding strength (262 kPa).
- Interlocking mushroom-shaped heads.
- High push-pull holding strength.
- Self engaging.
- High performance adhesive.
- Semi-permanent.
- Durable.
- Convenient.
- Adheres at temperature extremes.
- Interlock - 38 can replace hook and loop.

### BENEFITS:

- Holding power and reliability of mechanical fasteners such as bolts, screws, snaps, hooks, latches, etc.
- Fast assembly.
- 38 PSI (262 kPa).
- Only one product to inventory.
- Superior bonding strength to numerous surfaces.
- 2-1/2 times stronger than the holding power of the product.
- Provides the convenience of conventional hook & loop Fasteners - Reclosable.
- Resistant to sun and Ultraviolet Rays.
- Resistant to solvents and aging.
- Holds underwater.
- No tools required for installation.
- No need to drill holes.
- -20° F to 158° F (-29° C to 70° C) continuous.
- -20° F to 200° F (-29° C to 93° C) intermittent.

### HOLDING STRENGTH ADVANTAGE:

Interlock - 38	38 PSI (262 kPa)	5 times stronger
Hook & Loop	7 PSI (55 kPa)	Average Strength

### APPLICATIONS:

#### Automobiles, Truck, RV's

- Adhere access panels to consoles.
- Secure First-Aid kits, remove storage (tool boxes).
- Mount garage door openers.
- Affix headlight covers and window louvers.
- Mount electronic transponders for toll gates.

#### Electrical/Electronic

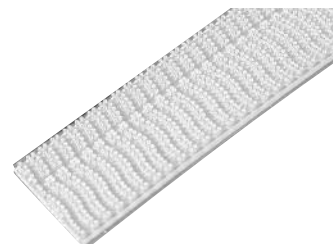

- Affix control panels, battery packs.
- Attach components.
- Secure testing devices.

#### Marine

- Attach boat covers.
- Secure removable tackle boxes.
- Lock down accessories and equipment.

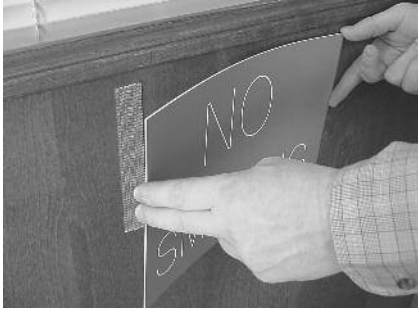

#### Miscellaneous

- Mount signs or displays.
- Fasten covers equipment, machinery or vehicles.
- Use in clean rooms or where disinfecting is necessary.

**Interlok-38 has a high-performance adhesive backing that can bond to many surfaces including but not limited to the following:**

- Bare Metals
- Painted Metals
- Fiberglass
- Structural Composites
- Glass
- Seal Wood
- Plastics
- ABS
- Acrylic
- Polystyrene
- Rigid Vinyl
- Polycarbonate
- Naugahyde
- Plasticized Vinyl

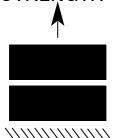

**DIRECTIONS - For Best Results**

1. Apply at or above 65°F (20°C).
2. Clean both surfaces with alcohol wipe or similar cleaner, removing all wax or grease.
3. Allow surfaces to dry completely.
4. Cut to length needed.
5. Peel off the protective liner (keeping fingers off of adhesive) and press firmly into place for full contact.
6. An immediate stick occurs. However allow 48-72 hours to reach maximum adhesive bond.
7. On porous surfaces such as unsealed wood, use staples or contact cement to fully attach.
8. Press tapes together to close; peel or pull to open. The audible “snap” indicates that the mushrooms are closed. Locate and attach the mushroom to mushroom tapes onto surfaces so that they are put in a push-pull (tensile) mode.

**IMPORTANT:**

- Store in a cool dry place. Shelf life 1 YR.
- Not recommended for powder paint, polyethylene or polypropylene surfaces.
- Adhesive backing may damage some painted, wall-papered, and/or brick surfaces.
- Reduce potential edge peel by rounding corners or recessing.
- TO REMOVE adhesive try using isopropyl (rubbing alcohol).

FIRST AID: Non-radiopaque (will NOT show up on X-RAY) and non-poisonous.

AVERAGE CLOSURE STRENGTHS	TENSILE STRENGTH 	SHEAR STRENGTH 	PEEL STRENGTH 
<b>Interlok-38</b>	<b>38 PSI</b>	<b>15 PSI</b>	<b>2 PIW</b>
<b>Hook &amp; Loop</b>	<b>7 PSI</b>	<b>9.5 PSI</b>	<b>1 PIW</b>

# Tapes

## UZ Ultra Tape

### Most pressure sensitive foam tapes fail - BECAUSE they...

- Have "Open" cells that absorb water and are subject to freeze and thaw damage!
- Are not resistant to occasional contact with solvent or gasoline!
- May not provide sufficient adhesion to the surface they bond!
- Are limited to interior use only!
- Fail when slammed or shocked by any impact!

### The answer to these and many other problems is...Ultra-Tape

A double sided closed cell urethane foam adhesive tape - that has a wide variety of applications on smooth clean surfaces with excellent RESULTS!!!! ULTRA-TAPE provides long-term durability indoors or outdoors. Its tough urethane foam and aggressive high strength adhesive will stand-up for years to wide temperature variations even when exposed to salt, gasoline or solvents.

- **Low water absorption - Interior/exterior use**- not affected by freeze or thaw cycles.
- **UV Resistant** - Exposure to sunlight will not deteriorate ULTRA-TAPE.
- **Solvent & Gasoline Resistant** - No adhesive failure in areas where solvent/gasoline may come in contact with the tape.
- **High Bond Strength** - Assures adhesion to all clean smooth surfaces. Bond strength up to 157 PSI.
- **Adheres to steel, plastic and wood** - Versatile can be used for many different applications.
- **Impact Resistant** - Withstands slam shock in temperature range of -20°F to +220°F. Rugged and dependable.
- **Easy To Use** - Clean the surfaces, apply to one side, remove the orange liner, press in place.
- **Repositionable** - Reduces errors and allows for correct alignment of the parts being bonded.

### UZ Ultra-Tape is the answer for hundreds of applications!!!!

- Signs
- Emblems
- Name Plates
- Fixtures
- Rub strips
- Side Moldings
- Carpeting
- Ground Effects
- Air Dam
- Luggage Racks
- Interior door panels
- Halo molding
- Electric Wires
- Weatherstrip
- Corner Protectors

### Ultra-Tape eliminates costly comebacks caused by poor adhesion of tapes to High Solids painted surfaces.

## All Weather Electrical Tape

The premium electrical tape - Designed especially for maintenance use, the finest all-around tape available. No maintenance department can afford to be out of all weather tape.

- U.L. listed.
- Flame retardant for greater safety.
- Water resistant for longer lasting splices.
- High dielectric strength (10,000 Volts Avg.).
- Individually wrapped rolls.
- Temperature range of 0° F to +176° F.
- Equally effective in hot, cold, wet or dry applications.
- 7 Mils thick for strength without bulk.
- Excellent resistance to abrasion and acids.
- High "Creepback" rate for tighter splices.
- Govt. Spec. Mil-1-7798A.
- 3/4" x 66' rolls.

PART #	QUANTITY
200361	10 rolls

## Standard Electrical Tape

- UL listed.
- Weather resistant.
- Flame retardant.
- Dielectric strength 9,000 volts.
- 7 Mil. vinyl.
- Temperature range 0° F to +176° F.

PART #	DESCRIPTION	QUANTITY
10208	3/4" x 66'	1
P90996	3/4" x 30'	12

## Amalgamating Wrap

Cold Shrink Tape to Insulate, Protect and Repair...

PART #	DESCRIPTION
10870	1 roll black 1"W x 30'L x .020"
10870-6	6 rolls black
91860	1 roll white 1"W x 10'L x .020"
91860-12	12 rolls white
103087	Multi-pack 2 ea #10870, 3 ea #91860 (60 ft black/30 ft white)

Amalgamating Wrap is a unique, self-sealing, flexible weather resistant, rubber wrap that has thousands of electrical and mechanical applications indoors and outdoors! Amalgamating Wrap requires no heat or open flames so there is no need for special equipment during application.

Amalgamating Wrap outperforms traditional wraps and solves many common problems that maintenance professionals face.

# Tapes

## High Density Teflon Thread Sealant Tape Premium Grade - 100% Pure

- Made in the U.S.A.
- Thickness: .0035".
- Density: 1.20 - 1.50.
- Meets: MIL-T-27730A.
- NSF recognized.
- Surest seal with less wraps
- Seals stainless steel, coarse threads, gas lines.
- Will not freeze or harden.

PART #	ROLL SIZE	QUANTITY
200360	1/2" X 520"	1

## Standard Teflon Thread Seal Commercial Grade - 100% Pure.

- Thickness: .0032.
- Density: Medium
- Meets Mil-T-27730A.
- Eliminates high torque force.

PART #	ROLL SIZE	QUANTITY
10350	1/2" x 520"	1
10350-5	1/2" x 520"	5
10351	1" x 520"	1
P53906	1/2" x 260"	1

## Duct Tape - Industrial Grade

- Polyethylene coated cloth.
- Good tensile and handling characteristics.
- For HVAC and other repairs.

PART #	ROLL SIZE	QUANTITY
10211	Grey 2" x 60 yds.	1
10212	Grey 4" x 60 yds.	1
P90983	Black 2" x 60 yds.	1

## Colored Duct Tape

- Colored fabric, polyethylene coated.
- Use for color coding.
- Use for repairs to canvas, vinyl seats and armrests.
- Ideal for general maintenance.
- Waterproof.
- 2" x 20 yard roll size.

PART #	COLOR	QUANTITY
10974	Red	1
10975	Blue	1
10976	Green	1
10977	Brown	1
10978	Olive drab	1
10979	Black	1

## Cloth Carpet Tape

- Adhesive on both sides.
- Extra strong for durability.
- Strips in one piece.
- For indoor and outdoor use.

PART #	ROLL SIZE	QUANTITY
10980	1-1/2" x 42'	1
10981	2" x 75'	1

## Masking Tape General Purpose

- For masking areas before painting (not recommended for heat applied painting).

PART #	ROLL SIZE	QUANTITY
10206	3/4" x 60 yds.	1
10207	1" x 60 yds.	1

## Masking Tape Auto Grade

- Premium quality.
- Strips off without residue.
- For Automotive refinishing and general use.

PART #	ROLL SIZE	QUANTITY
10877	3/4" x 60 yds.	1
10879	1" x 60 yds.	1
10880	2" x 60 yds.	1

# Tapes

## Strapping Tape-Industrial Grade

- Fiberglass reinforced.
- Rubber base adhesive.
- Tensile: 180 lbs/inch.

PART #	ROLL SIZE	QUANTITY
10209	3/4" x 60 yds.	1
10210	1" x 60 yds.	1

## Polypropylene Carton Sealing Tape

- Non- yellowing.
- Strong acrylic adhesive.
- 2" x 55 yd. Rolls.
- Available in clear or tan.

PART #	COLOR	QUANTITY
10213	Tan	1
10214	Clear	1

## Tape Dispenser

- One hand operation.
- Ideal for carton sealing tape No.# 10213 and 10214.

PART #	QUANTITY
90421	1

## OSHA Striping Tape

- A must for all industrial plants.
- Designated areas for specific functions.
- Weather and chemical resistant.
- PVC film with rubber base adhesive.

PART #	COLOR	ROLL SIZE	QUANTITY
10215	Yellow/Black	2" x 36 yds.	1

## Make Large Size Clamps Instantly & Economically with Make-A-Clamp

MAKE-A-CLAMP makes every size clamp a plant needs, from 2" diameter on up, on the spot. It's a key addition to a conventional clamp inventory.

### Make-A-Clamp makes sense in every tool crib

Use It Wherever You Need Clamping Around, In, or Out of the Plant.

- Use for temporary or permanent repairs for securing, mounting, strapping, clamping, and positioning.
- Hang, strap, or secure anything to poles, beams, pipes, etc.
- Hold or clamp units together during welding or assembly.
- Use for all conventional clamping jobs.

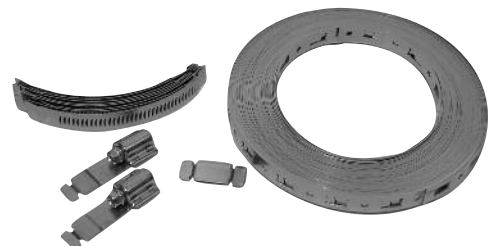

Minimize "down" time, repair time and your hose clamp inventory in sizes, dollars, and shelf space. Make-A-Clamp gives you total maintenance clamp system in a kit, consisting of a continuous roll of stainless steel banding (which you cut to the size diameter you need) and adjustable worm gear assembly fasteners.

#### APPLICATIONS:

- Connect ductwork.
- Connect hoses.
- Clamp steel die frames together.
- Put holding patch on drain pipes.
- Hold pipe insulation.
- Hold a rubber boot.
- Install vent tubing.
- Secure thermostat enclosures.
- Field installation of equipment.
- Attach heat-trace cable to pipes.
- Secure wire cloth on face of drum.
- Connect spouts to flexible connectors.

PART #	QUANTITY	DESCRIPTION
220730	1	SHOP KIT- CONTAINS 50 FT. OF BANDING, 10 FASTENERS
220731	10	10 EA. FASTENERS ONLY
220732	1	100 FT. OF BANDING ONLY

To determine lengths of make-A-Clamp band material, multiply diameter in inches x (3.146), minus 4.5" for the adjustable fastener end, or determine circumference by measurement, less 4.5" for adjustable fastener end.

$$(\text{Diameter} \times 3.146) - 4.5 = \text{Band Length Required}$$

### Band Length Table

- (Allows for insertion of Fasteners)
- Band should always be cut midway on small round hole for smooth fastener-fit.
- This table is accurate for the diameters indicated.

DIA.	LENGTH TO CUT ON MARK	DIA.	LENGTH TO CUT ON MARK	DIA.	LENGTH TO CUT ON MARK	DIA.	LENGTH TO CUT ON MARK
2"	2-1/2"	9"	24-1/8"	16"	46-7/8"	26"	77-1/4"
3"	5-1/16"	10"	27-7/8"	17"	49-7/16"	28"	83-5/8"
4"	8-7/8"	11"	30-3/8"	18"	53-1/8"	30"	89-7/8"
5"	11-7/16"	12"	34-3/16"	19"	55-3/4"	32"	96-3/8"
6"	15-3/16"	13"	36-3/4"	20"	59-1/2"	34"	102-5/8"
7"	17-3/4"	14"	40-1/2"	22"	65-7/8"	36"	108-7/8"
8"	21-1/2"	15"	43-1/16"	24"	72-1/8"	38"	115-1/4"

(All these sizes and more - over 1000 different SAE worm-drive clamp sizes - can be made from a Make-A-Clamp Shop Kit)

# Strapping

## Rope Ratchet The Perfect Tie-Down

**Rope Ratchet** is a unique, compact ratchet system that secures a wide variety of items quickly and easily. It solves many of the problems associated with standard tie-down methods: Time consuming; Hard to do knots; Elastic cords that stretch.

**Rope Ratchet** is fast, easy-to-use and will not stretch.

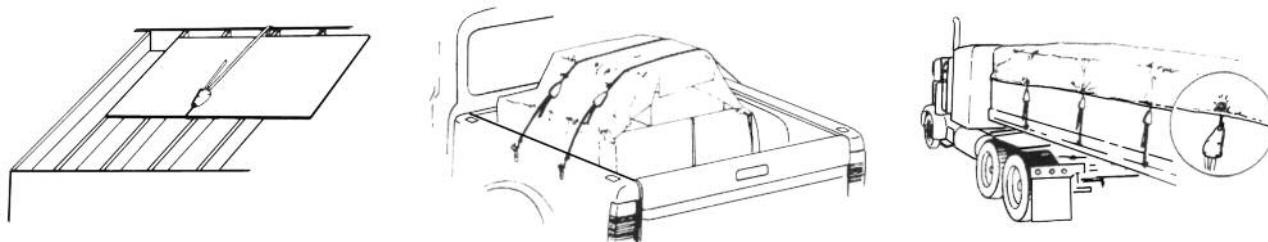

- **Time-Saving** - Just hook ratchet and cord hook in place and pull free end of cord. Ratchet automatically locks cord in place so it will not slip back. To loosen just press the release lever.
- **Easy-to-use** - No complicated knots to tie, or un-tie.
- **Effective-Rope Ratchet** will secure items as tightly as required. No more shifting or slipping during transporting.
- **Built Tough** - Made of tough, weather resistant nylon for years of hard use. Unaffected by weather.
- **Versatile** - Can be used to secure items for hoisting, packing, covering and transporting.
- **Compatible- Rope Ratchet** may be used with any rope or cord of required diameter.
- **Unlimited Uses- Rope Ratchet** holds boxes, crates, tarps, pallets, tent lines, and assorted cargo items. For use with bike, motorcycles, RV's, ATV's, cars, vans, trucks, busses, boats, planes, trains and more. ROPE RATCHET can be used anywhere the job calls for a secure tie-down.

PART #	TYPE	DIA	ROPE LENGTH	WT. CAPACITY	BODY SIZE
55009	Mini rope ratchet	1/8"	6 Ft.	75 Lb.	1-3/8" X 3/4"
91647	Standard	1/4"	10 Ft.	150 Lb.	2-1/4" X 1-1/4"
91842	Hefty	3/8"	10 Ft.	250 Lb.	3-1/2" X 2"
113876	Hang'Em High Hoist	3/8"	20 Ft.	250 Lb.	-

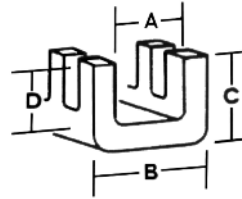

### Rope Ratchet Combo #113883

- Includes: 1 each Mini rope ratchet (55009)  
 1 each Standard rope ratchet (91647)  
 1 each Hang'Em High Hoist (113876)

## Polyethylene Grommet Rolls

- Ideal for all shapes and sizes of holes.
- Use with any panel material.
- Effective with sheet metal, wood, aluminum, plexiglass, and glass.
- Cuts easily.
- Fits securely without adhesives.
- 176° F maximum operating temperature.
- In 20-1/2" rolls.

PART #	RANGE OF THICKNESS / IN.(MM)	A CHANNEL WIDTH	B WIDTH	C HEIGHT	QUANTITY

# Shop Cloths

## UZ Industrial Shop Cloths

All-purpose wiping cloths designed to work for you!  
More versatile than cloth rags, yet stronger and more durable than paper.

## Disposable Wiping Cloths

- Economical alternative to rental towels
- Nylon-scrim reinforced
- Can be rinsed and reused
- Absorbs more than four times its weight in water

PART #	SIZE	QTY.
67350	9.75" x 17"	6 boxes of 150 (900 wipes per case)

## Shop Towels

- Resists abrasion and solvents
- Highly absorbent in water, oil or solvents
- Contain no binders or glue
- Low-linting

PART #	SIZE	QTY.
67367	12" x 12"	450

## Food Service Wipes

Ideal Wipes for Food Service Applications

- Quality stitch-bonded scrubbing towels
- Strong, dependable, and even reusable
- Wipes provide cloth-like feel and performance
- Perfect wet wipers for counter and table cleaning

PART #	SIZE	QTY.
104696	14" x 20"	150

## Cotton Wiping Clothes

Convenient, Highly-Absorbent and Economical

- Convenient pop-up dispenser provides towels when you need them
- Contains about 100 rags of super-absorbent cotton cloths
- Cloths are machine washable to use over and over again
- Can be used for an endless number of jobs

PART #	QTY.
67352	100

SHOP SUPPLIES

## Portable GFCI Products Ground Fault Circuit Interrupters

Products with GFCI, constantly monitor electricity flowing into a product; the GFCI will quickly shut off the current if the electricity flow differs even slightly.

- Designed to protect people against electric shock from an electrical system
- Use in a variety of electrical applications; ranging from Construction, Industrial and Institutional to Personal use
- Automatic reset feature provides extra protection for the user
- Use in both indoor and outdoor environments

All products have yellow SJTW cord.

### Shock Safe® Power Center GFCI (Ground Fault Circuit Interrupt) Temperature Range: -40°C to 60°C (-40°F to 140°F)

UL Listed. OSHA accepted for outdoor extension cord use. 125VAC, 15A, 1800W, 60HZ, Rainproof, Class "A". Provides protection from potentially dangerous ground fault current leakage. Lighted triple tap end to show power is on.

## Arctic Blue™ All-Weather TPE-Rubber Extension Cords With Primelight™ Power Indicator Light and Primelok™ Connector

- Primelok™ connector keeps power tools connected
- Primelight™ power indicator light shows when power is on
- Superior flexibility - Resists stiffening or cracking under the most extreme weather conditions.  
Temperature range -58°F to +221°F (-50°C to +105°C).
- Water resistant - Will not absorb water that can corrode copper conductors or cause dangerous electrical shock.
- Flame retardant - Protects against accidental cord fire.
- Oil resistant - Jacket will not deteriorate when used where oil or petroleum products may be present.

## Heavy Duty Extension Cords With Primelight™ Power Indicator Light and Primelok™ Connector

- Primelok™ connector keeps power tools connected
- Primelight™ power indicator light shows when power is on
- Ultra flexible, flame retardant and water resistant SJTW cord
- Large, flexible, ribbed strain relief prevents separation of the cord jacket from plug
- Listed by UL and CSA to meet safety standards in the US and Canada. Exceeds OSHA requirements for indoor and outdoor use.
- Temperature range -40°F to +140°F, (-40°C to +60°C).

## 12 Bulb LED Flashlight

The new UZ LED Flashlight is the flashlight of the future. The ultra-bright light emitting diode ( LED ) bulbs will not burn out like conventional krypton bulbs and helps batteries to last about 5 times longer than regular flashlights.

- 12 energy saving LED bulbs to provide ultra-bright light
- Weather-proof and shock-resistant, tough metal casing
- Push-button, sealed rubber switch and handy carrying strap
- 3 AAA batteries included
- Size: 4 5/8" long

PART#	DESCRIPTION
118491	PK1 12 BULB LED FLASHLIGHT W/UZ LOGO

## Ultra Bright 2W LED Flashlight 2 Watt, 100 Lumens

- EZ-focus provides a smooth spot to flood beam simply by twisting head of light
- Perfect beam - no black spots
- Run time: 5 hours
- DC/DC technology provides maximum light output throughout the life of the battery
- Push button on back of light (momentary or constant on/off feature)
- Aircraft grade aluminum
- Lanyard included
- Runs on 2 AA Alkaline batteries (included)
- Lifetime warranty

PART#	DESCRIPTION	QTY
121668	2AA 2W LED EZ-Focus Flashlight	1

## High-Performance LED Tactical Flashlight 3 Watt, 150 Lumens

- 3 modes: high, low, strobe
- Anodized aluminum
- Impact resistant
- Tactical clip
- Holster included
- Soft-touch mode change
- Compact and lightweight
- Water resistant
- Runs on 2CR123A Lithium batteries (included)
- Run time: 12 hours low; 3 hours high

PART#	DESCRIPTION	QTY
121669	3W Lithium Tactical Flashlight	1

## Roughneck Flex 360° LED Clamp Light

- High performance LED with 130 lumens
- Head rotates 180° and pivots 90°
- Custom optics for long range or flood use
- Strong and sturdy Clamp with a Non-slip grip
- Powerful magnetic back
- Runs on 3AA batteries (Included)

PART#	DESCRIPTION	QTY
123505	Flex 360 Flashlight	1

## Roughneck 200 Lumen 3AAA LED Flashlight

- High Performance XR-E LED
- 3 Modes: Low, High and Strobe
- 200 Lumens (high) 70 Lumens (low)
- Adjustable Spot to Flood Beam
- Beam Distance: 130 meters (415')
- Water Resistant
- Run Time: 2 hrs (high) 6 hrs (low) 8 hrs (strobe)
- 3AAA Alkaline Batteries Included
- Aircraft Grade Aluminum Body Withstands 5' Drop test
- Tactical Switch on End Cap

PART#	DESCRIPTION	QTY
40007	Roughneck 200 Lumen	1

## Xtreme™ 4W LED 3C Flashlight

- High-powered LED lasts for 100,000 hours
- Yields an amazing 4-Watt, 150 lumens
- Constructed of aircraft grade machined aluminum
- Water resistant
- Features a convenient lanyard and rubber grip
- Runs for 100 hours off 3 "C" batteries (118961)
- 10" in length
- Lifetime warranty

PART#	DESCRIPTION	QTY
119931	XTREME 4W LED 3C FLASHLIGHT	1

## Xtreme™ 1W LED Clip Flashlight

- Lightweight & Water Resistant
- 1-Watt Rebel 40 high-powered LED which produces a square beam, 55 lumens and lasts for 100,000 hours
- Polymer body that is impact, chemical, corrosion, and water resistant
- 3 colored lenses included: red-night vision, blue-tracking, green-map reading
- Handy holster w/ lens storage include and useful pocket clip
- Powered by 2 "AA" Rayovac Alkaline Batteries(118959) (included)
- DC-DC voltage boost up technology maintains maximum brightness over battery life.
- Runtime = 9 Hours
- 6" in length
- Lifetime warranty

## 1W Led Flashlight/Lantern Combo Light

Developed for peak performance in the harshest environments, the light features the latest in High-Performance LED technology. It offers unique features while delivering the quality and dependability expected from the Remington brand.

Features :

- Tactical switch on tailcap
- Head extends into a lantern
- Absolute latest in High-Performance LED technology with LED's that never need to be replaced.
- Constructed of aircraft grade machined aluminum
- Water resistant
- 1 Watt 60 Lumens
- Operates on 3 Alkaline AAA batteries (included)
- Nylon holster included

### 1. Lantern Option

The flashlight easily extends into a lantern with the ability to light an enclosed area.

### 2. Flashlight Option

The lantern easily converts into a flashlight for a focused beam.

### 3. Class II Anodized Aluminum

Light weight, impact and water resistant.

### 4. Spot to Flood

Lens allows for either projection or proximity lighting.

## Ultra™ Pivoting Head Ratcheting Screwdriver

The **Ultra™ Pivoting Head Ratcheting Screwdriver** is an extremely versatile 15-in-1 five way ratcheting screwdriver. The screwdriver head pivots and locks in 5 positions; 0°, 45°, 90°, 135° and 180° angles.

The **Ultra Driver™** is actually 3 tools in one: **(1)** a pivoting head ratcheting screwdriver that locks in 5 operating positions, **(2)** a ratchet wrench tool capable of high torque applications, and **(3)** a combination short or long screwdriver shaft for hard to reach applications.

The ratchet mechanism has three working positions; forward, reverse and locked and has a high torque capacity.

The **Ultra™ Pivoting Head Ratchet Screwdriver** comes complete with 13 bits, a 2" (50mm) magnetized shaft extension and a storage rack that fits inside the handle. The transparent handle has been ergonomically designed for comfort and is made from a chemical resistant material. The **Ultra™ Pivoting Head Ratchet Screwdriver** also has a standard 1/4" (6.35mm) locking hex opening to hold all standard driver bits and meets or exceeds all ANSI and DIN standards.

The **Ultra™ Pivoting Head Ratchet Screwdriver** is a must for every toolbox. Those hard to turn or hard to reach screws and bolts are no match for this unique tool.

Part #117507

Head pivots and locks in 5 positions

2" (50mm) shaft extension

Part #118871

6 bits store inside the screw-on cap

Screwdriver

60° angle grip for more torque

## RotoMag Magnetic Pick-up Tool RMX7

### Metal chip clean up

This powerful rare earth magnet is the fastest and safest way to clean metal chips from a work area. Instead of using a cloth to clean a workbench or desk, simply wave the RotoMag RMX7 over the area to be cleaned and watch it pick up metal shavings with ease.

### Small metal pieces pick up

You can also pick up small fasteners (magnetic) to move them or retrieve them from hard to reach areas.

107136	15 3/4	1"	17 oz.

## Pocket Telescopic Magnetic Pick-Up Tool

The perfect new magnetic pick-up tool you can carry with you on every job! Sized to clip into your pocket easily. Yet when telescoped out can reach through grills, grates, behind wires, pipes and panels where hands can't reach.

Powerful enough to pick up dropped nuts, bolts, tools and other ferrous parts.

- Extends out to 18-1/8"
- Handy pocket clip
- Closes down to convenient 5-1/2" pocket size.
- Bright chrome plated shaft.
- Super telescoping action.
- Strong long-life magnet.

PART #	QUANTITY
178152	1

## Mechanical Screw Starters

### For ferrous or non-ferrous screws

No more fumbling with hard-to-position screws! A simple twist of the alloy steel bit and screw is firmly held, ready for trouble-free starting. Tool releases and resets automatically. Slender aluminum handles allow for easy access into close areas.

Should a screw, washer or nut be dropped into a hard-to-reach area, it can easily be retrieved by turning the tool around and using the strong magnet on the opposite end of the aluminum handle screw starter.

PART #	DESCRIPTION	QUANTITY
178158	W/ Pocket Clip 5-3/4" Long Overall	1

PART #	DESCRIPTION	QUANTITY
178157	W/ Pocket Clip 5-5/8" Long Overall	1

## Nut Starter

Use on small size nuts to start nuts on bolt thread. Releases from nut as threads are engaged.

Overall length 5-1/8"

Std. Pkg. 1 doz.

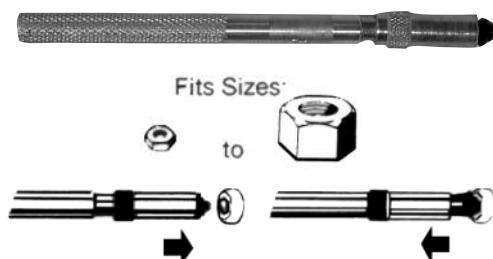

Pkg. wt. 1lb. 1 oz.

- Snap-in-nut.
- Start threads.
- Self-releasing.

FITS SIZES:

4-40 Thread                      5/16"  
3/32"                                  to                      8mm  
2.5mm

PART #	QUANTITY
178156	1

## Magnetizer/ Demagnetizer

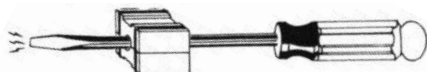

Magnetizes and demagnetizes screwdrivers and other small tools. Works in seconds - simple to use. Speeds up repair and assembly jobs. Picks up screws, nuts, metallic parts, cleans up filling, scraps, and start screws.

PART #	OVERALL SIZE	QUANTITY
178155	1-1/16" x 1-1/16" x 1-1/16"	1

To Magnetize:

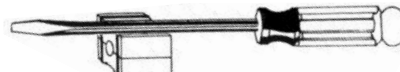

Put end of tool into magnetizer hole several time.

Remove magnetizer and tool will remain magnetized.

To Demagnetize:

Pull tool through grooved side of magnetizer to make sure demagnetization is complete.

- Metal threads.
- Lacquered finish.
- 5 foot length
- 15/16" diameter

PART #	QUANTITY
10965	1

## The Brush...Indestructible!

- Outlasts conventional floor brushes 10 to 1.
- Choice of solvent resistant bristles to meet every sweeping situation.
- Lightweight and rugged construction pleases the most discriminating user.
- 5-Year Guarantee.

All brushes are shipped without handles. Order handles separately.

### BRUSH SELECTION GUIDE:

**BLUE:** The tips of these solvent resistant bristles are "flagged" or exploded to give each individual bristle hundreds of tiny filaments. This makes this brush your best choice for very smooth floors like smooth concrete, vinyl tile, gymnasiums, and other smooth floors.

**BLACK:** A blend of stiff and soft bristles ideal for average, all around sweeping. For use on machine shop floors, docks, in-plant offices, etc. This is a rugged brush that holds up well under dry, wet, or oily conditions.

**BROWN:** Very stiff bristles makes this brush ideal for sweeping very rough surfaces under adverse wet, dry, oily, or greasy conditions. Excellent for scrubbing large areas and sweeping extra-heavy refuse, and even removing a light snow from sidewalks and stairs, etc.
